A modern fairground and an accessible environment

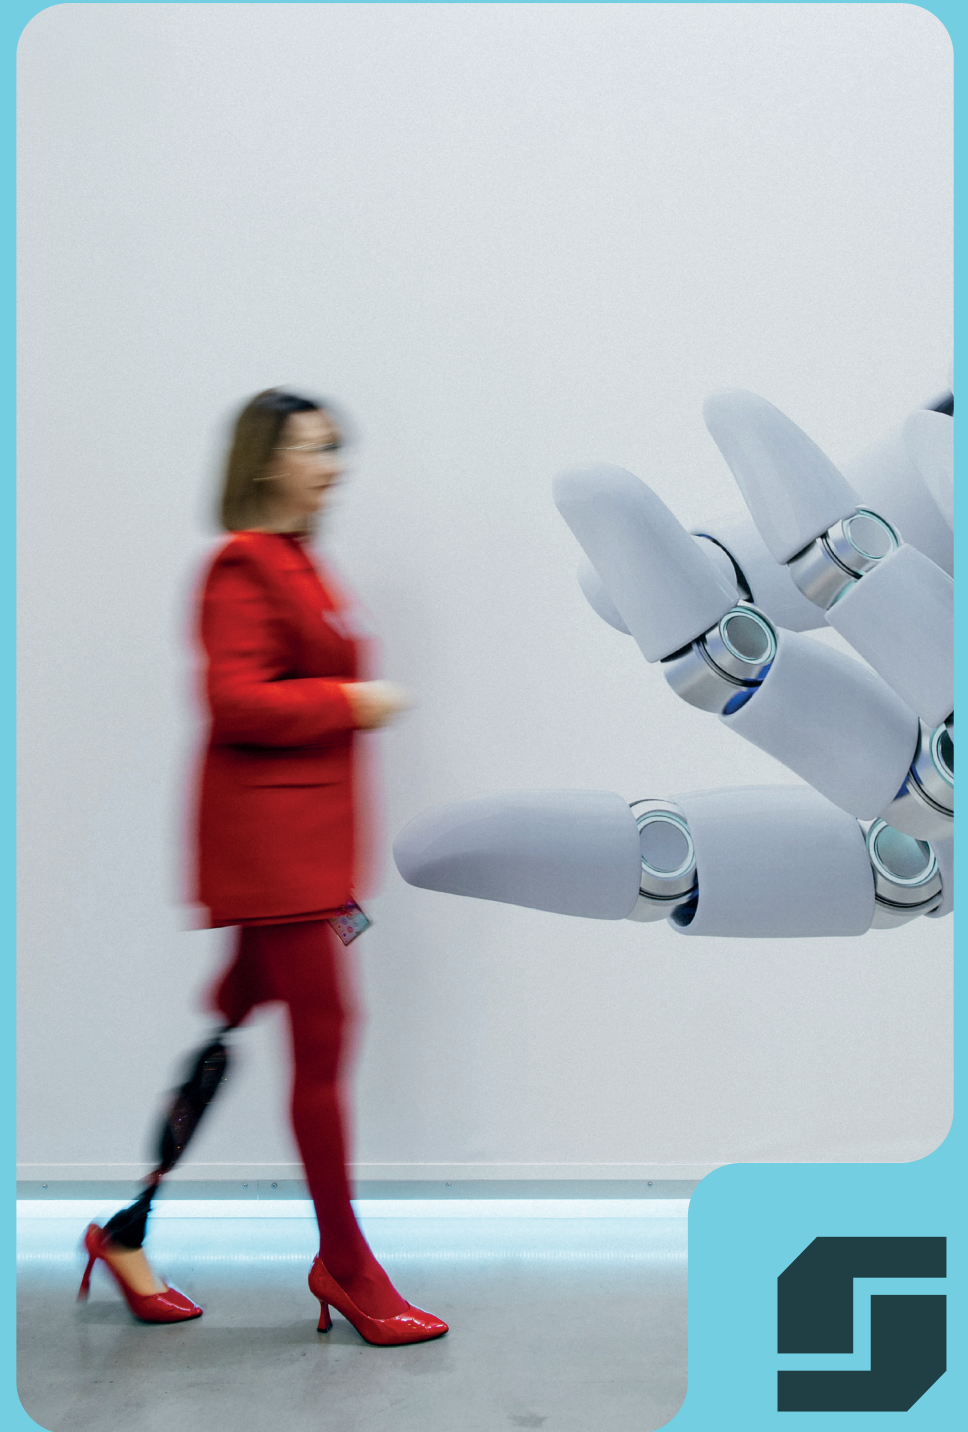

The exhibition is held at the new congress and exhibition center “VDNH EXPO” — a modern exhibition complex fully adapted for the comfortable participation of all visitors and exhibitors of the event. The modern infrastructure, barrier-free environment, and high level of service ensure the convenience of holding the exhibition and the business program

Global Participation

Companies from Russia, Europe, Middle East and Asia present cutting-edge rehabilitation equipment and technologies.

Professional audience

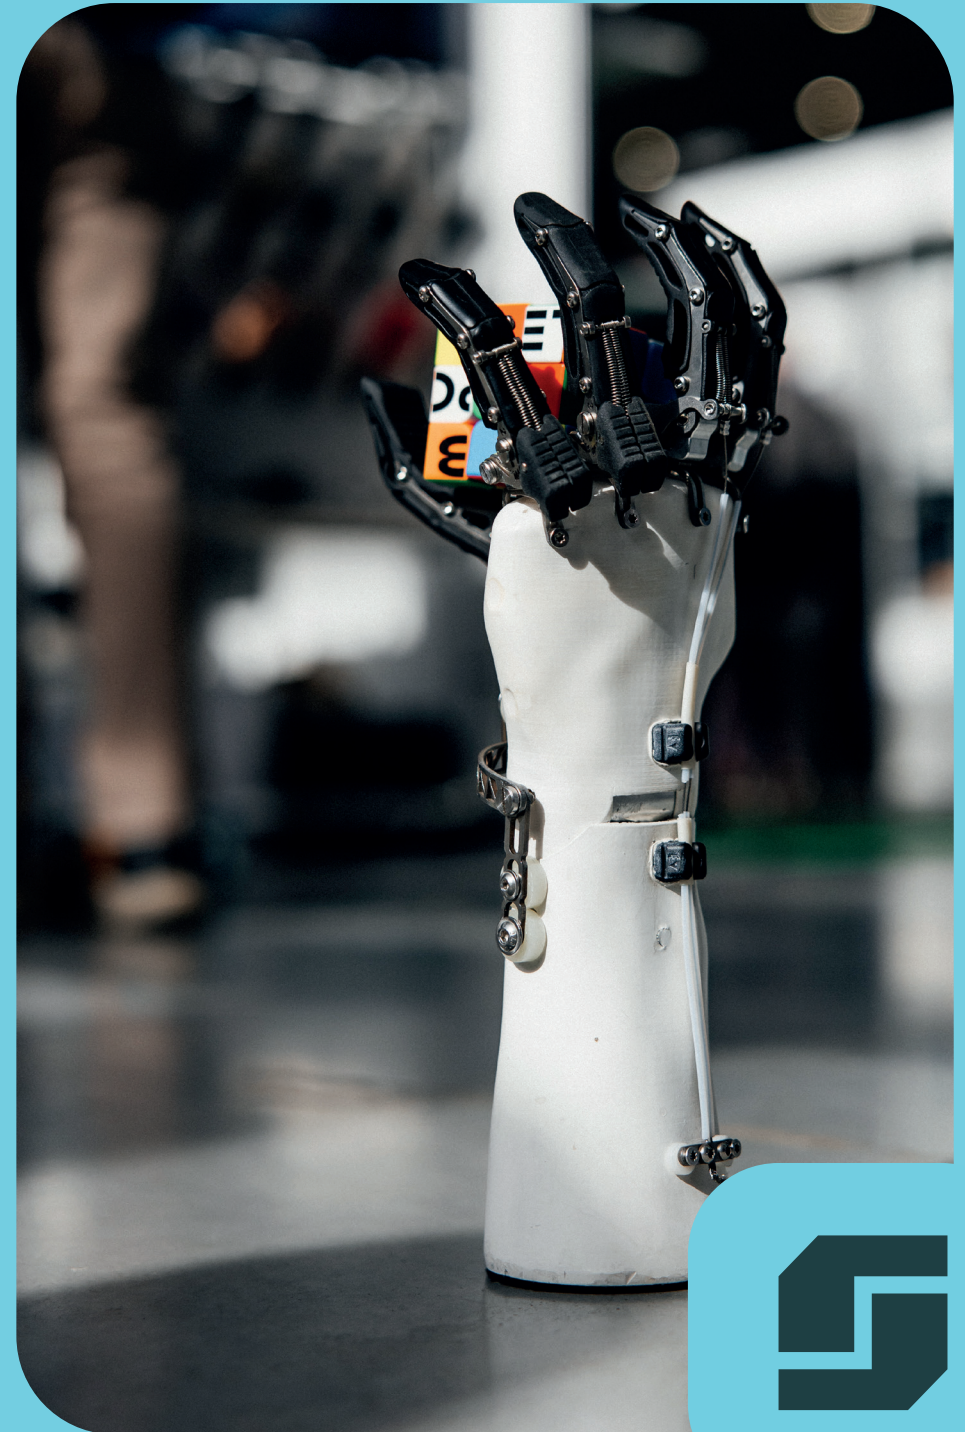

INTEGRATION is visited by rehabilitation professionals, social organizations, government representatives, medical institutions, and end users

Spotlight on Innovation

From bionic prosthetics to adaptive mobility devices — INTEGRATION showcases the future of rehabilitation

Forum & Competitions

A three-day forum brings together experts, NGOs, rehabilitation centers, and manufacturers.

Highlights include prosthetist competitions, press conferences, and expert sessions

Live Demonstrations

Adaptive sports, fashion shows, dance,
creative performances —
INTEGRATION brings rehabilitation to life

integration
